CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.
for the first time, must give bank or other reliable reference, or their bids

Auction sales are **strictly for cash.** Parties unknown to me and bidding will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for 75 cents cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

FORWARD.

The Fine Collection of Cents, listed in this catalogue was made by the late William T. R. Jester, of Philadelphia. He died on March 23rd, 1912, in the 80th year of his age. He was one of the old-time collectors. These cents came from the old auction sales, and from old time coin dealers and collectors, including the following: Edward Cogan, Dr. Maris, C. Randall, Dr. McBurney and Messrs Mason, Wood, Davis, Smith and others. The collection is in no respect complete as to principal varieties, but there is at least one coin of each date, and that usually in the best preservation obtainable. The 1794, 1795, 1796, 1797, 1798, 1799, 1800, 1801, 1802, 1803, 1804, 1805, 1806, 1807, 1809, 1810, 1811, 1812, 1813, 1814, and later dates are very choice. This is really a very fine collection, which should attract many bidders.

The sale contains several additional lots of Cents, Half Cents, Foreign Gold and other coins, consigned by different persons. It is a small, but in most cases a very select lot of coins.
